The Troopship Buford Overdue. The transport Buford, en route from the Philippines with two battalions of the 22d Infantry aboard to New York, is two days overdue. No apprehension is felt at the War Department, however, over this fact, as the severe northwest gales which have prevailed for some days past over the north Atlantic would very naturally re-tard her progress. FOR SALE-LOTS. FOR SALE-LOTS.

NORTH COLUMBIA HEIGHTS,

Located directly "in the way" of the city's greatest growth; 3 squares north of the termination of the 14th street cars, and extends from 14th street extended to Brightwood avenue. Reached by the 9th street line (Brightwood avenue); 20 minutes to the business section of the city; within walking distance of public schools and churches of all denominations. Fire department and truck house within four blocks; police protection, both mounted and on foot; gas, sewerage, telephone, free mail delivery, &c. No saloons allowed on or near the property. Located on a plateau about 20 feet above old Columbia Heights. Within two squares of the National Rock Creek Park (2,000 acres coating \$1,000,000). The right of way for the extension of 13th and 14th streets through this section to the District line has all been secured, with the exception of four small parcels. This Congress will be asked to make the appropriation for the grading. The Capital Traction line will be continued as rapidly as 14th atreet is graded. Size of lots 25 to 100 feet front by 75 to 150 feet in depth to 15-foot alleys, and facing on streets 60 to 120 feet in width; 50 lots will be reserved for \$1.50 to \$2.00 a square foot. The remaining lots will be offered for a short time only at 30 to 35 cents a square foot. Terms the most liberal ever offered in this popular section of the Great Northwest, namely: On lots \$700 to \$1,000, \$50 cash and \$15 monthly.

On lots \$1,000 and over, \$100 cash and \$20 monthly, or one-third cash, balance one, two and three years. Five per cent discount will be allowed on the cash payment when the amount is one-third or more of the purchase price of a lot. Carriage free to see the property. Money loaned to build at the lowest rates of interest.

COMMON SENSE. Why would a person having ordinary intelligence and foresight pay \$2.00 a square foot or \$4,000 for a lot 20x100 at the head of 14th at. when you could buy a lot 3 squares further north 21/2 times larger (50x100) for 30c. a square foot, or \$1,500?

From a speculative standpoint the smaller lot of the two is at its height in value (as the character of the neighborhood at the head of 14th st. is established), and the future for the two investments would be about as follows:

PRESENT VALUE. FUTURE VALUE Lot 20 x 100......\$2.00 a square foot, or \$4,000.....\$2.00 a square foot, or \$4,000. If you are of the opinion that Washington will continue to develop in the line of 14th st., then you should not delay in soliciting a good corlot (no extra charge for corners to first buyers) while they are cheap.

"Old Fogie Class."

But if you belong to the "old fogle class" who predicted ten years ago that Washington would not extend beyond Florida ave., I would then advise you not to invest in our section, but buy in the "old part" of the town, which has deteriorated in value since the great onward rush to the northwest, then spend the remainder of your life wringing your hands and swearing because the SWIFT ELECTRIC R. R. SYSTEM is continually depressing real estate values in the "old part" of the town (business property excepted) and increasing the value in the "city of the future." In other words, you had better do as "Uncle Sam" said to "John Bull" when we lately passed them in shipping, prosperity, &c., &c.,—"Go away

BROKERS, ATTENTION.

pickle manufacturers, who contemplated having a branch of their manufactory located here.

Mayor Edward Phelps called a special meeting of the town council for last night, for the purpose of conferring with representatives of the City and Suburban electric railroad, with regard to that corporation using certain streets of this town. Permission was asked of the council that the company be allowed to lay double tracks from 6th and Main streets, at which point the excavations for the roadbed were discontinued, down Main street to the Baltimore and Ohio railroad; thence under the present tunnel and through a part of the town on east side of the railroad, and to pass over the river near the point of the present county bridge into Anne Arundel county. It is understood the construction of the road will thence be continued to Annapolis Junction, about four miles distant from Laurel.

The town council has the application. napolis Junct from Laurel. The town council has the application un-der consideration.

Lipscomb was mounted sergeant and J. B. Lipscomb was mounted. Policemen V. G. King, W. F. Barrett and G. W. Morgan were promoted from the first to the second class and T. C. Goheen and J. F. Hile were appointed members of the force.

Laurel (Md.) News. Special Correspondence of The Evening Star. LAUREL, Md., November 30, 1901. A reconstruction movement is on foot, it is said, in the board of trade of Laurel. An adjourned meeting of the body was held last night and the plan of reorganization was thoroughly discussed. The move underway contemplates the reduction of the membership of the board of directors from nine members to five, a number of the committees appointed at the organization of the old association to be dispensed with, and a new office to be provided for, being that of a financial secretary. It is understood that the membership of the new organization will be restricted to a certain extent. It is expected a report will be forthcoming by the next meeting of the board, to be held on Wednesday, December 11, from the pickie manufacturers, who contemplated having a branch of their manufactory located here. membership of the board of directors from

they will participate, and to attend in a body those semi-social events that will be held in the regimental armories or larger halls. The more irksome, humdrum and onerous duties of military routine will be entirely eliminated. entirely eliminated.

"Each monthly meeting will be in commemoration of some revolutionary event, such as Lexington alarm, battle of Bunker Hill, etc., or such persons as General Washington, Lafayette, Marion and others, the Minute Men to attend in full continental uniform. The social feature of the meeting may take the form of a military ball, with colonial or modern dances."

Attorneys Frederick St. John and Edward Maher, and George P. Murray, a ters of the American Revolution, at the railroad detective, were indicted with Sullivan on the conspiracy charge, but Sullivan secured a separate trial. The indictments were voted, following the unexpected return of Lynch after nearly three years spent as a fugitive. The case outlined to the jury was founded chiefly on the story told by Lynch to the grand jury. Briefly, Assistant State's Attorney Barnes

Statement was as follows:

"Lynch was a baliff of good reputation, but in a suit for damages against the West Chicago street railroad, Sullivan being counsel for the defendant, he was prevailed to the counsel for the defendant, he was prevailed to the counsel for the defendant, he was prevailed to the counsel for the defendant of the counsel for the counsel upon to bribe a juror to work against the interests of the plaintiff. The bribery was discovered, Lynch indicted, arrested and released on bonds.
"George P. Murray was sent by Sullivan

to Lynch and arranged a meeting between Lynch and Sullivan. The latter insisted upon Lynch taking flight. Lynch demurred. upon Lynch taking flight. Lynch demurred, and accused Sullivan of 'ruining his good name,' but was eventually persuaded, 'for the good of all concerned,' to fly. He went to New York and thence to Canada. Sullivan was to pay him \$75 a month, but Lynch found this was not enough, and the sum was raised to \$150 a month. He was also given \$4,500 to reimburse him for his loss in jumping his bail bond. He spent most of his time in Canada. An effort was made to get him to fly to Nicaragua, but most of his time in Canada. An effort was made to get him to fly to Nicaragua, but he refused. He was constantly in fear that his life would be taken. After two years' absence, filled with remorse and longing for his family, Lynch made up his mind to return to Chicago. His resolution was strengthened by the alleged fact that the monthly remittances had ceased."

The greatest care was exercised in second familiar sight throughout the land, and to magnify and glorify the "spirit of '76." OUR FORCES ON THE ISTHMUS.

It is Expected That Some of the Ships Will Be Withdrawn. With the restoration of order and open

traffic on the Isthmus of Panama it is expected that the Navy Department will be able to withdraw some of the United States warships now on duty in that quarter, and it is probable that one ship will be withdrawn on each side of the isthmus. There will be no haste, however, in reducing the naval stregth, as officials feels that the surrender of the liberals on the isthmu may not terminate the entire struggie throughout Colombia. The country is so extensive and the signs of unrest at interior points are so numerous that it is believed there may be a recurrence of trouble on the isthmus if the insurgents at other points continue to show strength. When the Iowa is withdrawn she probably will go to Talcuhano to be docked. The Machias when relieved will come north and be docked.

WHAT CAUSES DEAFNESS.

The Principal Cause is Curable but Generally Overlooked.

Many things may cause deafness, and very often t is difficult to trace a cause. Some people inherit deafness. Acute diseases, like scarlet fever, some-

times cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives as his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably over-stated, but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the nose and throat finds its way into the Enstachian tube and by clogging it up very soon affects the hearing, and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused

the trouble is cured. Those who are hard of bearing may think this

a little far fotched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh, if long neglected, will certainly impair the sense of hearing and ultimately cause deafness. If the nose and throat are kept clear and free from the unbealthy secretions of catarrh, the bear-

ing will at once greatly improve, and any one sicians, because it is in convenient form to use. contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a wholesome combination of Blood root, Gualacol, Eucalyptol and similar antiseptics, and they cure catarrh and catarrhaideafness by action upon the blood and murous membrane of the nose and throat.
